# FUTURE OF IMPACT SUMMIT 2024

Connect with entrepreneurs, investors and ecosystem players driving impact at scale.

February 6-7, 2024 | Online

The FUTURE OF IMPACT SUMMIT 2024 brings together impact-driven entrepreneurs, investors, digital leaders and ecosystem players to connect, learn and inspire action towards an equitable, inclusive and sustainable future on the journey to the SDGs 2030.

The 2024 Summit builds on the success of the Summit in previous years, annually featuring 200+ participating entrepreneurs, investors and ecosystem players across 60+ countries, inspiring new collaborations and action.

## Building on the success of the 2022 Summit:

**200+**

participants

**60+**

countries

**20**

Startup Finalists

**RECORD  
DIVERSITY**

“ I am happy to have been a part of the Future of Impact Summit and enjoyed attending the various sessions which touched on diverse topics. The summit made room for detailed discussions that all cut down to developing strategies for an impactful future for all. I'm more than glad to have been the keynote speaker for a session that addressed gender and climate — two issues that mean so much to me. I hope the insights we shared will impact the work we all do around gender equality and climate, and contribute to a more just and equitable future.

— **Tamilore Omojola, Malala Fund Girl Advocate Programme Fellow  
2022 Future of Impact Summit Speaker & Participant**

# What our participants say

I got to learn about how different angel investors across the world are becoming the first supporters of innovative startups that will shape our future. From Asia to the Middle East to Africa, **I gained knowledge of different models and ecosystems that I usually don't get to hear about as much in mainstream media.** If you want to build a global network and knowledge of angel investing, the Audacious Angels community is the place to start!"

- **Natalie Au, Obama Leader Asia-Pacific, Senior Associate, Gender Platform, AVPN**

I had the opportunity to participate as a speaker at a Panel in the Future of Impact Summit 2022. It was a very unique experience because Jessica reached out early on to identify alongside us what were key topics of relevance and then we co-created the session together. I very much enjoyed being part of the creative process before the actual panel. We then had a great conversation with relevant speakers where I felt we went much deeper than the simple headlines, speakers were giving transparent and open reflections. It was a great forum if you want to really learn about the important topics and issues the sector is facing today.

**Alberto Gómez-Obregón,**  
Managing Partner, CO\_Capital

The event makes for a conducive breeding ground for new ideas, sharing best practices and most of all creating a spring-board for new and diverse investors to engage.

# Your Impact

As last year, 100% of ticket sales for the Future of Impact Summit will be donations for XOCO's programs empowering Venezuelan refugee girls in Cúcuta, Colombia to escape gender-based violence and leapfrog to digital jobs of the future.

XOCO & our local partner organization MDYM have opened the first shelter for refugee girls allowing them to escape sexual exploitation and access education, reproductive health & empowerment services. (Learn more:

“It was so rewarding to participate in the Future of Impact Summit. The summit provided a platform for Tamilore, a Malala Fund Girl Advocate Programme Fellow to speak about how climate change is impacting girls' access to education in her home country of Nigeria and around the world. At Malala Fund, our mission is to champion every girl's right to 12 years of free, safe, quality education — a right that is threatened by climate change, conflict, gender norms and more. We hope more organisations and leaders will open up their platforms to young women like Tamilore.

**Girls should not only be included in conversations about the future of education, they should lead it.**

— Noreen Plabutong, Communications Associate at Malala Fund

# FUTURE OF IMPACT SUMMIT 2024

## About the Organizers:

### XOCO

XOCO connects the dots between grassroots women's organizations and forward-thinking companies to empower adolescent girls to escape gender based violence and leapfrog to digital jobs of the future through an innovative digital education program, XOCO's Leapfrogging Academy. Our current program focuses on refugee girls from Venezuela in Cúcuta, Colombia. XOCO is a charity registered in Germany. Learn more: [xocounlimited.org](https://xocounlimited.org)

### Jellycorn

The startup ecosystem lacks diversity. We can fix that. In the digital age, your location and background shouldn't determine how high you can fly. Jellycorn connects entrepreneurs from all around the world with world-class mentors, resources and investors. Anytime, anywhere. We're on fire to build the most diverse community of entrepreneurs on the planet. Download the free Jellycorn App and join our global community!
